

ABHAY BISHT

Network Engineer

Delhi | +91-8882315761 | abhaysinghalm333@gmail.com | abhay-networking-profile.vercel.app | linkedin.com/in/abhay-bisht-14a170248/

PROFILE

Network Engineer and recent Computer Science graduate with a Diploma in Information Technology, strong foundation in TCP/IP, Routing & Switching, DHCP, DNS, and network troubleshooting. Experienced in Windows and basic Linux administration, Cisco Packet Tracer simulations and practical networking labs. Completed internships converting research articles to XML and holds networking and hardware certifications. Seeking an entry-level Network Engineer role to apply technical troubleshooting and system configuration skills.

EDUCATION

Aug 2023 – Jul 2026

B.Tech Computer Science and Engineering (CSE), Dev Bhoomi Uttarakhand University- Dehradun, Uttarakhand

- Studied networking and systems subjects including Computer Networks, MANET, Cloud Computing Technologies, Cyber Security, IoT, and Microprocessor & Embedded Systems.
- Gained hands-on experience with IP addressing, subnetting, routing, switching, VLANs, DNS, DHCP, STP and basic network troubleshooting.
- Applied networking concepts in lab environments using simulations and practical configurations.

Aug 2019 – Jul 2022

Diploma in Information Technology (IT), Government Polytechnic College - Almora, Uttarakhand

- Built foundational knowledge of computer hardware, operating systems, networking, and information technology.
- Gained practical exposure to computer hardware troubleshooting, basic networking, and system configuration.
- Developed programming fundamentals and problem-solving skills through IT coursework and practical labs.

WORK EXPERIENCE

Feb 2026 – May 2026

XML Intern, Way2Class Pvt. Ltd. - Dehradun

- Converted and formatted 15–20 research papers per week into structured XML/LaTeX formats using schemas and validation tools.
- Quality-checked 50+ documents and 100+ academic figures for structure, formatting and XML/LaTeX errors before publication.
- Identified and corrected XML validation issues in collaboration with the team, improving document accuracy and on-time delivery.

SKILLS

Protocols & Services

DNS • DHCP • TCP • UDP • VPN

Operating Systems

Windows 10/11 • Basic Linux (Beginner)

Programming

C • Python

Networking

TCP/IP • OSI Model • IP Addressing • Subnetting • Routing • Switching • VLANs • STP

Microsoft Office

MS Word • MS Excel • MS PowerPoint • MS Outlook

Tools & Utilities

Cisco Packet Tracer • Wireshark • Ping • Tracert • Ipconfig • Nslookup

Troubleshooting

Network Connectivity • Internet Issues • Windows Troubleshooting • Basic Network Diagnostics

PROJECTS

Jul 2026 – Present

Home Office Network Simulation

- Designed a LAN topology and configured routers and switches using Cisco Packet Tracer.
- Assigned IP addresses, configured DHCP, and verified connectivity using Ping and Tracert.

Aug 2026

Networking Lab – Cisco Packet Tracer

- Created virtual network topologies to practice routing, switching, and connectivity troubleshooting.
- Configured IP addressing, VLANs, DHCP, and basic routing scenarios.
- Used network diagnostic commands to identify and troubleshoot connectivity issues.

COURSES

Jul 2024 – Dec 2024

Microsoft Azure Data Warehousing Tools, DBUU

Sep 2026

Cisco CCNA Course, LearnVearn

Jul 2026

Getting Started with Cisco Packet Tracer, Cisco Networking Academy

Jun 2026

Computer Hardware Basics, Cisco Networking Academy
